

**IASL 2007 Taipei, Taiwan Conference: Exhibit
of Locally Produced Materials: A Bibliography**

**Compiled by
Fran Luther, Jaime Connolly,
Gerald Brown & Elizabeth Greef**

The following bibliography is a compilation of materials brought to the IASL 2007 Taipei, Taiwan Conference by conference participants. The materials included are not commercially available from standard school library publishers or distributors. These locally produced materials are models that could be used, adapted or translated. In an attempt to save space and printing cost, some information has been omitted, for example, if the content of the material is evident from the title, no annotation is listed. The language is English unless otherwise stated. The alphabetization follows natural language usage. Apologies are offered in advance for any misinformation. The 2007 exhibit materials were donated to a library in Taiwan and therefore are not available for double-checking of information at this point. Thank-you to everyone who helped to make the 2007 exhibit a success. We hope the following listing is of use to our IASL members:
