This site [Rubrics for assessment](https://sites.google.com/a/rchk.edu.hk/rubrics-for-assessment/) has been created by Monica Morscheck for the IASL PD Library. The links and samples can be used to conduct PD for yourself or a group on the creation of rubrics for assessment purposes with many rubric generators and samples offered. "Rubrics are tools for the librarian to assess student skill levels in information literacy (K-12)"; these scoring tools use a series of narrative statements to describe the criteria of a performance on a task or tasks.

The areas covered are:

1. Pose real questions
2. Find resources
3. Interpret information
4. Report findings
5. Information skills rubrics
